GARMENT CARE

At Lorna Jane, we're dedicated to creating fashion forward activewear of the highest quality. Every collection is designed for active women with busy lives, so we've made caring for your garments nice and simple.

QUICK CARE GUIDE

While each piece undergoes individual wash testing, care labels differ depending on make up of the fabric and style. Please read the specific care instructions on each garment to ensure your activewear is kept in tip top perfect condition!

Take out removable padding and unfasten any buttons before washing.

Do not use bleach, fabric softener or wash with towels.

For hand wash only garments, wash separately in cold water with a mild detergent and rinse with clean cold water.

If the garment is machine washable, wash inside out in a garment bag on a gentle cold machine wash using mild detergent with similar colours.

Spin dry to remove excess water.

Do not soak or leave wet.

Hang inside-out in the shade to dry.

Do not tumble dry, iron or dry-clean.

Some colours are not colourfast (pre-wash with one tablespoon of salt before use).

Avoid rough surfaces and heat – particularly for garments with shiny and reflective prints or delicate trims.

BRIGHT COLOURS AND FLUROS

While the vibrancy of bright colours will fade over time, to prolong its colour intensity we strongly recommend you pre-wash garments separately in cold water with a teaspoon of salt. Do not leave them sitting wet with other garments and line dry in the shade immediately after washing.
